

LANKA SIVA KUMAR

+91 6305788248 @ shivakumarlanka2004@gmail.com Siva Kumar

Summary

A motivated and detail-oriented BTech student in Electronics and Communication Engineering (ECE) with hands- on experience in circuit design, communication systems. Skilled in programming languages such as C, Python. Looking forward to work in an organization with a challenging position to expand and Utilize my learning skills and knowledge. Posses excellent communaction skills and have an eye for details. Flexible to work in any environment as required.

Experience

Current Intern

Jan 2

- I have been doing an internship at Vibho Technology for two months, gaining knowledge in app design(Flutter) and currently working on API integration.

Education

Usha Rama College Of Engineering And Technology

November 2021-May 2025

Electronics and Communication Engineering

B.Tech

7.3GPA

Projects

Detecting Anemia Using Deep Learning

November 2024-May 2025

Anemia is a medical condition characterized by a decrease in the number of red blood cells (RBCs) or hemoglobin levels, leading to reduced oxygen transport in the body. Detecting anemia using **deep learning** leverages medical imaging and computational techniques to automate diagnosis, making the process faster and more accurate.
